DETAILED ACTION

Response to Amendment

1. This Office Action is responsive to the Response filed 12/28/05.
2. The Response filed 12/28/05 successfully overcomes the rejections set forth in paragraphs 1 and 2 of the Office Action mailed 6/28/05. Accordingly, these rejections are withdrawn.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1 and 2 are rejected under 35 U.S.C. 102(e) as being anticipated by 6,416,931 (US '931) for the reasons of record as set forth in paragraph 3 of the Office Action mailed 6/28/05, and as further discussed below.

Response to Arguments

4. Applicant's arguments filed 12/28/05 have been fully considered but they are not persuasive.

With respect to the 35 USC 102(e) rejection over US '931, Applicant argues that the disclosed subject matter is the invention of the inventors named in the present application, and therefor is not disclosed "by another". However, such an "unequivocal statement" must be presented in the form of a Declaration signed by the inventors.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
